

**ADVISORY COMMITTEE ON NOVEL FOODS AND PROCESSES**

**FSA BOARD DISCUSSION ON INNOVATION**

Members are asked to note that the attached paper entitled “Innovation in the Food Industry and the Regulators Role” was discussed at the FSA Board meeting on 16 January. Peter Gregory attended and answered questions on behalf of the ACNFP, and the industry representations gave two presentations about the drivers for innovation and the procedures for managing the development and introduction of new processes and products.

The paper together with a video and audio link of the Board discussion is located on the FSA’s website at:
